

## FAQ

### **What currencies will be accepted during ICO?**

Bitcoin (BTC)

Ethereum (ETH)

### **What you will do with the Casacoins not sold during ICO?**

Casacoins not sold will be burnt.

### **How many Casacoins remain at the team?**

None.

### **For what purpose are so many Casacoins sold?**

Please see the explication for use in the Whitepaper.

But in short terms:

- Platform development
- Development of own server stations
- Marketing campaign
- ICO, Kickstarter and Bounty campaigns
- Miscellaneous

### **Why are there two campaigns (ICO and Kickstarter)?**

We want to ensure that a large audience can become part of our community and can share our idea of creating a new social media platform which deserves full users trust and serves as what it is meant to be: a helpful tool for people to stay in touch and to communicate with each other.

### **Where will Casagram be available at first?**

Casagram will be available in Appstore (iOS) and GooglePlaystore (Android) at the same time. Additionally Casagram will be multiplatform (Windows, Linux, etc.) usable.
